Judge reduces Retzlaff's cash bond to \$15,000

Campground owner files suit against 2 involved in her May 2021 arrest

By **LEE PULASKI**

City Editor

Ann Retzlaff still claims her bond is too high after it was reduced from \$25,000 to \$15,000 on May 19, even as she filed federal lawsuits against the deputies involved in her arrest last year.

Retzlaff was able to garner some sympathy from Marathon County Circuit Court Judge Mark Moran after claiming she was the only caregiver for her father, who is "direly ill" with ALS. But Moran flatly denied her request to make the cash bond a signature bond as he noted her callous disregard for the court system and her history of skipping court appearances.

"I do that because I'm considering your situation," Moran said. "I still have grave concerns about you appearing in court."

Retzlaff said she could not afford to pay the \$15,000 cash bond, noting she has already paid \$7,500, which was forfeited when she missed two court appearances in October and November 2021. She claimed she would not be a flight risk due to her business, Annie's Campground, being in operation for the summer, and she said she has lived in the area for 12 years.

"I have asked for mercy," Retzlaff said. "The court is supposed to have mercy, truth and justice to we, the people. I have not seen that."

District Attorney Greg Parker was opposed to any reduction in bond, noting that she has past bond forfeitures. He noted that the crimes she's facing carry a sentence of 24 years and more than \$70,000 in fines.

"Under those circumstances, I think the bail bond reduction should be denied," Parker said.

Retzlaff is facing felony charges in Shawano-Menominee County Circuit Court dating back to May 2021 of fleeing and eluding officers and two counts of second-degree recklessly endangering safety, as well as a misdemeanor count of resisting or obstructing an officer. She also faces misdemeanor charges through Menominee County for resisting and

failing to stop. Bail jumping and disorderly conduct charges were added in April after she missed two court appearances in late 2021, and deputies arrested her in Wittenberg.

Retzlaff did not have counsel once again and said that, for the time being, she would represent herself in the local case. She has an attorney involved with her federal lawsuits. She claimed her efforts to find an attorney in Wisconsin have been hampered by the kiosk in her cell block at the jail acting up for three days.

"It's difficult to make any calls out," Retzlaff said.

Moran offered Retzlaff the option to represent herself, noting that the case has been in the system for a year already, and she has not even reached the stage of a preliminary hearing due to the delays while she claims she's been seeking an attorney.

"I don't want this to go on forever, so you may have to represent yourself," Moran said.

After several minutes of arguing that she should be provided legal assistance, Retzlaff agreed to managing her own defense.

Retzlaff also claimed at the hearing that she has been on a hunger strike since she had been jailed in late April.

"I have not taken any food," she said.

Retzlaff filed two suits in federal court May 16 against Lt. Kurt Kitzman with the Shawano County Sheriff's Department and Deputy Justin Hoffman with the Menominee County Sheriff's Department. She is claiming a number of civil rights violations, including conspiracy for cover-up of human trafficking, kidnapping, police brutality, assault with a deadly weapon and violation of her Second, Fourth and Fifth Amendment rights under the U.S. Constitution.

"My freedom of speech has been impaired," Retzlaff said at the May 19 hearing. "My freedom of travel has been impaired."

Retzlaff claims that, on May 15, 2021, the day of the chase through Shawano and Menominee counties, she had received a call from one of

her employees, asking her to pick up the employee at a house in Menominee County. The employee claimed she was being trafficked, Retzlaff said. The suit further claims Retzlaff "got too close to the trafficked house" and was stopped by Hoffman.

There has been no response to the two suits so far.

Retzlaff claims her circuit court case should have been dropped due a lawsuit filed in federal court against Shawano-Menominee County Circuit Court Judge William Kussel Jr., who has recused himself from the case, along with District Attorney Greg Parker and Corporation Counsel Larenda Maulson.

"I don't know how those charges can stand," Retzlaff said. "I was in constant contact with law enforcement."

The criminal complaint in the circuit court shows that a Shawano County deputy heard on Menominee County radio traffic about a high-speed chase involving a vehicle registered to Retzlaff for failing to stop at a traffic light, according to the criminal complaint. The chase, starting in Keshena on state Highway 47-55, continued through the towns of Wescott and Richmond, where deputies twice laid out spike strips, and ended on state Highway 29 just west of County Road MMM.

Deputies with Shawano and Menominee counties initiated a "high-risk stop," according to the complaint, and shut down traffic on the highway's westbound lanes. A lieutenant advised Retzlaff to get out of the vehicle, but she allegedly said she was a "sovereign citizen" and would not exit. A deputy used a slim jim to open the passenger door, which is when Retzlaff allegedly tried to drive off, nearly hitting two Shawano County officials.

Eventually, the vehicle was stopped again, and deputies pulled Retzlaff out of her vehicle. According to the complaint, as she was being handcuffed and searched, she claimed the deputies were involved with covering up sex trafficking.

Renel hearing delayed due to competency exam

By **LEE PULASKI**
City Editor

A court appearance for the man accused of leading Shawano County deputies on a chase in a military vehicle was pushed back to June 13 as the Shawano-Menominee County Circuit Court is waiting for an exam to take place to see if he is competent to stand trial.

Aaron Renel, 39, is charged with felony count of fleeing and eluding an officer in a vehicle and second-degree recklessly endangering safety, along with a misdemeanor count of resisting or obstructing an officer in a May 8 police chase and three counts of bail jumping. He also faces charges in a separate case filed April 29 that include intentionally pointing a firearm at a person, disorderly conduct with the use of a dangerous weapon, possession of THC and possession of drug paraphernalia.

The Shawano County Sheriff's Department responded in the late afternoon on May 8 to reports of a heavy truck-type military vehicle on the highway in western Shawano County travelling down the roadway with a flat tire, causing a traffic hazard.

Deputies located and attempted to stop the vehicle, but Renel al-

AARON RENEL

legedly led them on a short chase, coming to a stop in about a half-mile on the eastbound lane median of Highway 29 near County Road G in the Town of Seneca. Renel allegedly would not cooperate and would not exit the vehicle, so the Shawano County Special Response Team was called to the scene.

Deputies, including trained negotiators, communicated with Renel for about four hours, but he allegedly tried to flee the scene, heading eastbound on Highway 29. Deputies stopped the suspect vehicle using snowplows in an attempt to perform a moving roadblock. Renel had to be removed by force, officials said.

Circuit Court Judge William Kussel Jr. ordered Renel be held on a \$10,000 cash bond May 9 and also granted a request for the competency evaluation.

During a hearing May 18, Assistant District Attorney Joseph Kaupie said case could not proceed until the evaluation was completed.

Shawano County hosts field day for students

Frank hopes students apply what they learned to their everyday lives

By **LUKE REIMER**
Reporter

Nature was at the forefront of education for students in the Wittenberg area on May 17.

Shawano County Conservationist Scott Frank hosted a field day at Wilson Creek Orchard for students in fifth grade from Wittenberg, Birnamwood and Bowler to learn more about conservation, as well as get hands-on experience. There were stations throughout the orchard where students learned about a different part of conservation.

Frank said that he wanted to target fifth-grade students to be in attendance at this event.

"We found that there was a gap in environmental education for the fifth-grade class," said Frank.

He added that this event is an opportunity for students to experience what conservation is in an outdoor setting.

"We have experts here that have expertise in forestry, stream ecology, water quality, and soils," said Frank. "The students are here to take that torch that we have and hopefully do better than what we are doing in their future."

Frank said it is important for students to learn about land conservation early because the students are at the age where information starts to resonate with them.

"I think that these students are at the age where they can grasp that broader picture of what we are doing and, how we use land effects our environment," said Frank.

This is the first year that the event was held at Wilson Creek Orchard. Years past have seen the event at the Navarino Nature Center.

"It is nice to be out here, because you do not see an orchard every day," said Frank. "We are going to bring the students through the orchard so they can get hands-on experience."

Throughout the day, students were given the opportunity to not only learn about different themes of conservation, but they also got to take place in demonstrations and simulations.

"We have an orchard session, a session on prairie pollinators, soil, forestry and invasive species," said Frank. "There is a lot of important topics for the students to learn here."

Frank called the opportunity to help these students learn more about the

environment a fun part of his job.

"We know that the schools can only do so much through their curriculum," said Frank. "So it is great to get them out here and get some hands on experience. It really is fun to see all of the kids excited to be outside learning."

Frank added that it has become a point of emphasis from Shawano County to get in touch with local school districts to help educate students about conservation.

"We are a part of the Wisconsin Land and Conservation State Association, along with every other county in the state," said Frank. "That association has a youth education programming component to it. If a county thinks it has an opportunity to help educate students, the association jumps in and helps us out to make it work. I have felt that it is worth trying to incorporate as much education as you can."

Other initiatives that are included in this program are poster contests, speaking events and day and night camps, according to Frank.

Students from Ashley Hedtke's fifth grade class in Wittenberg study and learn about renewable energy through an experiment with small solar panels during their field day at Wilson Creek Orchard on May 17.

"My biggest thing is that these students come to appreciate our natural world and that it is up to us to take care of it for future generations," said Frank. "We really have a pretty part of the state that we are in."

Frank hopes that the students left

the field day using something that they learned and apply it to their daily lives, whether it be in a garden at home or even at school.

"Maybe something here will inspire them to follow up on it in their future," said Frank.

OBITUARIES

Gregory John "Greg" Senzig, 59, of Shawano, passed away on May 17, 2022, in Lake Havasu City, Arizona, after suffering cardiac arrest.

Greg was born in Shawano on Oct. 11, 1962, a son of Kathy (Peeters) Senzig and the late Jerry Senzig. After attending Shawano High School, Greg enlisted in the U.S. Army. He was a proud veteran and displayed, honored and supported veteran programs. Following his time in the service, Greg joined the family business, Senzig's Inc., with his father, Jerry, and his brother, Todd.

On June 29, 1991, Greg married his wife, Trini (Maersch). In 2000, he left the family business to spend more time

with his daughter, Samantha, and the three of them started Silhouette Stables Tack and Gifts. With that, he began horse training and a horse breeding program. Greg enjoyed team

roping with his horses, Dusty and Reno, and treasured watching Samantha in rodeos. It was a wonderful time with family and friends.

Later in life, Greg enjoyed riding his Harley, boating and desert UTV-ing in Lake Havasu City. He and Trini became friends with so many wonderful people, their "Havasu Family." Greg proudly joined the Moose Club, Elks

Club and loved his afternoon get-togethers. There was always something going on with lots of fun stories and belly laughs. Being an outdoor person, Greg enjoyed pheasant hunting with his dog, Remington, in the Dakotas, fishing in the waters by Johnny's Resort, and most recently mule deer hunting in Wyoming.

Survivors include his wife, Trini; his children, Samantha (Dillon) Sperberg, and their son, Stetson, and Johnathan (Andrea) Schneider, and their son, Harrison; his mother, Kathy Senzig; his brothers, Todd (Wendy) Senzig, and their daughters, Maria and Alli, and Troy Senzig and his children, Connor and Katelin; and his mother-in-law, Jeanne

Maersch. He was blessed with many other family members and friends.

He was preceded in death by his father, Jerry Senzig; and his father-in-law, Bill Maersch.

A celebration of Greg's life will be held on Thursday, June 23, 2022, from 4-8 p.m. at Doc's Harley-Davidson Hog Barn with a blessing at 5 p.m.

In lieu of flowers and plants, a memorial fund has been established in Greg's name for local organizations.

Mickelson Funeral and Cremation Service in Shawano is assisting the family with arrangements. Please share online condolences at www.mickelsonfs.com.

Robert James "Bob" Buettner, 75, passed away on Thursday, May 19, 2022, in Cecil. Bob was born in Shawano on Feb. 11, 1947, to the late Wallace and Phyllis (Krause) Buettner and graduated from Shawano High School with the class of 1965. He enlisted in the military and served in the United States Air Force until receiving his honorable discharge.

On May 27, 1967, Bob was united in marriage to Marlene Boerst in Bonduel. The couple lived in California and then Maine for several years before returning to the area. Marlene preceded Bob in death on July 24, 2012.

On Sept. 30, 2017, Bob was united

in marriage to Barbara (Kallies) Engebretsen at St. Paul Lutheran Church in Bonduel.

Bob worked as an AI technician for Midwest Breeders/Genex

for 40 years. He also owned and operated Bob's Landscape Service. Bob was a hard worker and a perfectionist, and he loved and took great pride in his work. In his free time, he enjoyed golfing, spending time outside, and tending to his many rose bushes. Bob was a great man and was known for his memorable laugh and his contagious smile. He will be

greatly missed by all who knew and loved him.

Bob is survived by his wife, Barbara; his three daughters, Kristine (Chris) Lindemuth, Dorene Buettner, and Shelly (Brandon) Wudtke; Barbara's children, Julie (Terry) Yonker, Jeff (Cindy) Engebretsen, and Chris (Vicki) Engebretsen; his grandchildren, Connor Lindemuth, Dayton Lindemuth, Gracyn Wudtke and Cole Wudtke; Barbara's grandchildren, Josh (Marie) Yonker and their son, Callen, Jacob Yonker, Taylor Yonker, Brenda Engebretsen, Justin Engebretsen, Riley Engebretsen and Connor Engebretsen; and two sisters, Bonnie Bartz and Becky Buettner.

He is further survived by brothers-in-law, sisters-in-law, nieces,

nephews, other relatives, and friends.

Bob was preceded in death by his first wife, Marlene; son, Jeffrey; his parents; and brother and sister, Bill Buettner and Barbara Dillenburg.

A funeral service for Bob will be held at 11 a.m. on Friday, May 27, 2022, at St. Paul Lutheran Church in Bonduel. Visitation will be held at the church on Thursday from 4-8 p.m. and again on Friday from 9:30 a.m. until the time of service. Burial will be in the St. Paul Lutheran Cemetery. Military Honors will be conducted by the Bonduel American Legion.

Bob's family would like to extend a special thank you to Heartland Hospice for their wonderful care. www.swedbergfuneralhome.com

Elmer Naumann

Elmer Naumann, 83, Angelica, passed away peacefully May 14, 2022, at Greentree Health and Rehabilitation in Clintonville. The son of Elmer and Frieda (Koehler) Naumann was born on the family farm in Green Valley on Oct. 22, 1938.

Elmer grew up in the Green Valley area and graduated from Pulaski High School with the Class of 1957. Following high school, he was drafted into the U.S. Army and served until his honorable discharge on July 22, 1960. Elmer married his high school sweetheart, Judith Nighorn, on Sept. 24, 1960, at St. Paul Lutheran Church in Zachow. The couple made their home in the Town of Angelica, where they raised their family and farmed for many years. Elmer drove milk truck

for Pagel's, as well.

Survivors include his three children, Steve (Marsha) Naumann, Laura (Randy) Simon and Becky (Jim) Abb; eight grand-

children, Andrea (Jesse) Reymont, Brent Naumann (fiancée Tiffany Krueger), Justin (Terra) Naumann, Travis Naumann, Derek Simon, Brad (Annie) Simon, Tiffany Naumann (Dakota VanBuskirk) and Gavin Abb.

He is further survived by nine great-grandchildren; two sisters, Mavis (Ken) Eggert and Joanne VanCuyk; brothers-in-law and sisters-in-law, Mary Jane (Augie) Tyczkowski, Betty (Keith) Burmeister, Pat (Dal-

las) Maass, Randy Gauthier, Dolly (Keith) Stamps; and many nieces and nephews.

In addition to his wife, Judy, and his parents, he was preceded in death by three brothers, Howard (Leora) Naumann, Morris Naumann, Duane Naumann and James (Judy) Naumann; and three sisters, Alice (Kenneth) Voelz, Doris (Willard) Kumm and Judy Ann (Sherman) Radtke.

Friends are invited to gather with the family at Marnocha Funeral Home, 186 E. Pulaski St., Pulaski, on Saturday, May 21, from noon until 2 p.m. A funeral service will be held at

2 p.m. Military honors provided by the Pulaski Area Veterans will follow at the funeral home. Entombment will take place in the Shrine of the Good Shepherd Mausoleum, Green Bay.

The family would like to extend a heartfelt thank you to the entire staff at Greentree Health and Rehabilitation and the Unity Hospice Team for the care and compassion given to Elmer.

To leave a condolence for the Naumann family, please visit www.marnochafuneralhome.com or the funeral home's Facebook.

Marion Body Works plans Shawano facility

By **GREG SEUBERT**
Correspondent

A leading national manufacturer is coming to Shawano.

Marion Body Works, builder of commercial truck bodies, fire and emergency apparatus, custom cabs, custom engineered vehicles and defense bodies, has announced plans to expand with a new facility in Shawano.

The firm recently acquired an additional manufacturing space in Shawano, 22 miles east of its main headquarters in Marion.

The building encompasses 113,000 square feet of manufacturing space and an adjacent 7,000-square foot office that will include two training rooms, an employee lounge and numerous meeting/conference rooms.

The plan is to transition the company's commercial truck body product line to the Shawano facility over the next few months. The company is targeting the fall of 2022 for full production at the new location.

"It is an indisputable fact that our customers' need for commercial truck bodies has increased and so has our market share of the product," Marion Body Works president and CEO Curt Ignacio said. "This new manufacturing space

will allow us to continue to serve our customers while also acting as a catalyst for continued growth of the product line at Marion Body Works.

"It is important to me that our employees at Marion Body Works are given the tools they need to meet and exceed customer expectations," he said. "This new facility is a tremendous space addition that will enhance operations and throughput."

Marion Body Works will maintain its headquarters at 211 W. Ramsdell St. in Marion and will continue to grow the product lines being manufactured at the main Marion campus.

The addition of the Shawano facility solidifies the firm's position for growth and communicates the strength of its industry presence for generations to come, according to Ignacio.

"The new commercial production facility is not just to help maintain and grow our market-leading presence in this industry, but to make Marion a market-leading employer in this new community and throughout northeast Wisconsin," he said. "Regardless of their facility of origin, all products with the Marion name will bear the same high quality our customers have come to rely on."

SAVVY SENIOR

Adaptive clothing takes stress out of dressing

Dear Savvy Senior,

What kinds of clothing options are available to mobility challenged seniors who have a difficult time dressing?

Looking for Mom
Dear Looking,

The chore of dressing and undressing in traditional clothing can be difficult, time-consuming and even painful for millions of people with certain health and mobility problems. Fortunately, there's a wide variety of special clothing, known as "adaptive clothing," that can help with most dressing challenges.

Adaptive clothing is specially designed garments for people with mobility issues, disabilities and cognitive challenges who have a difficult time getting dressed. This type of clothing incorporates discreet design features to make dressing and undressing easier, while still having the outward appearance of typical clothing.

Depending on your mom's needs, here are some of the many different types of adaptive clothing options that could help.

JIM MILLER

For self-dressing seniors who suffer from Parkinson's or other disabilities that affect dexterity, there are pants, shirts, dresses and outerwear made with Velcro or magnetic closures instead of buttons and zippers, which are much easier to fasten and unfasten. Be aware that magnetic closures are not suitable for those who have pacemakers.

For those who are disabled or who have limited range of motion and need assistance dressing, there are adaptive pants with zippers or snaps on both sides of the pants that are easier to pull on, and a wide range of rear closure shirts, tops and dresses with Velcro or snap fasteners in the back for those who can't raise their arms over their head.

For wheelchair users, there are higher back and elastic waistband pants that don't slip down, as well as

pants with fabric overlaps at the seat to allow for easier toileting access.

For people with tactile sensitivity, there are garments you can purchase that have soft and stretchy fabrics without tags and are sewn with flat seams to help preventing chafing.

For seniors with Alzheimer's disease, there are one-piece jumpsuits that have a back-zipper access to prevent the wearer from disrobing inappropriately.

Because each person's dressing needs and style is so specific, finding appropriate adaptive clothing can be difficult.

Recently, mainstream clothing stores like JCPenney (jcpenny.com), Target (target.com) and Tommy Hilfiger (usa.tommy.com) have started offering a line of adaptive clothing for adults that combines fashion and functionality, but their in-store options are limited. To get a bigger selection, visit the stores' websites and type in "adaptive clothing" in their search engines.

You can also find a large selection at online stores that specialize in adaptive clothing like Buck & Buck

(buckandbuck.com) and Silverts (silverts.com). Both of these companies have been selling adaptive clothing for decades and offer a wide variety of garments to accommodate almost any need, condition or style, for independent self-dressers and for those who need help.

Some other adaptive clothing sites you should visit include Joe and Bella (joeandbella.com), Ovidis (ovidis.com) and IZ Adaptive (izadaptive.com), which sells clothing primarily designed for wheelchair users.

If your mom is in need of adaptive footwear, Velcro fastening shoes (instead of shoelaces) have long been a popular option and can be found in most local shoe stores.

Some other new lines of adaptive shoes that may interest her include Kiziks (kizik.com) and Zeba (zebashoes.com), which make fashionable sneakers and comfortable walking shoes that just slip on, hands-free, along with Billy Footwear (billyfootwear.com) and Friendly Shoes (friendlyshoes.com), which makes uniquely designed zip-on shoes.

Sheriff candidates plead cases to GOP

Chief deputy facing off against Oconto Falls police chief to be Shawano County's top cop

By **LEE PULASKI**
City Editor

Two candidates seeking to succeed Adam Bieber as sheriff made their case before the Shawano County Republican Party on May 15.

Bieber had announced earlier this year that he would not be seeking a third four-year term as the county's top cop, and now his chief deputy, George Lenzner, will face off in the Republican primary on Aug. 10 against Brad Olsen, who lives in Shawano County but is currently chief of the Oconto Falls Police Department.

Olsen noted that he grew up in Shawano and has family in the area. He currently lives in the Town of Washington.

"It was very important for my wife and I to send our kids to have a religious education," Olsen said. "Even though we lived outside the area for a few years, we shuttled our kids to St. Paul (Lutheran School in) Bonduel to get that religious education."

Lenzner has the home field advantage, being part of the sheriff's department for 34 years, starting out as a correction officer and working his way through the ranks until he became chief deputy under Bieber. He was born and raised in Shawano, he said.

"When I started out in the jail in 1988, one of my goals was to be the sheriff," Lenzner said. "I wanted to go through as many positions as I could at the sheriff's department and end up being the sheriff. I've made it this far. Now I just need to make it to the finish line."

Olsen and Lenzner both acknowledged that there is a huge problem with drugs in northeast Wisconsin. Olsen pointed out that methamphetamines and fentanyl have "exploded" in the area.

"I was previously a K-9 handler; I had two K-9s in Oconto County," Olsen said. "I'm part of the drug task force in Oconto County with Marinette and Menominee, Michigan."

Olsen said he would work on getting the task force that has started in Shawano County permanently in place, and have the participating agencies work on deterring the drug problems in the area.

Lenzner said that the coronavirus pandemic was expected to acceler-

ate the number of domestic violence cases, but it also exposed how vulnerable the county is to drug abuse cases, which necessitated establishing the drug task force.

"Our overdoses doubled," Lenzner said. "Our drug arrests were getting horrible."

The pandemic also slowed down efforts to help drug users, with Lenzner noting that providing drug counseling via Zoom doesn't work.

"So one of the issues we looked at last fall was a drug task force with the Shawano Police Department, the Stockbridge-Munsee Police Department and the Tigerton Police Department," Lenzner said, noting that

the task force has made 26 arrests in the last three months. "We're going to continue this when I'm sheriff. We're going to continue to be tough on drugs."

Olsen also wants to expand the existing drug court, noting that with expanded K-9 units and with the drug task force permanently in place, that means more arrests, with more people needing help to get clean.

"If you get the people who are using and addicted in Shawano County in that drug court and on their way to recovery, then we have less reason for those dealers to come into our county," Olsen said. "We don't want to end up looking like Green

Bay, Brown County, Milwaukee where we have drug-related violence every night."

Lenzner is also an advocate for the drug court, saying that while busting perpetrators is a way to curb the drug problem, helping those who are addicted must also be a priority. He said the idea came after he and then-Capt. Tom Tuma spoke with community leaders and officials with ThedaCare on what programs could help.

"We pitched the idea to human services and were able to get the grants for drug court," Lenzner said. "It is working great right now."

In other issues, Olsen said he thinks the county could add two more K-9 units to its existing patrols, which could allow for one K-9 unit to be available to the sheriff's department 24 hours a day.

"The community has always come out to support K-9s, and it's typically been supported by the community funds," Olsen said. "That is a really necessary tool on the road to locate meth and fentanyl and the heroin — there's almost no detectable human odor to that substance, so you need a K-9 to get it out of the vehicles."

Lenzner said he would be dedicated to preserving county residents' constitutional rights, claiming it's the top issue on the sheriff's department radar. He said he planned to make sure that the deputies that serve the county are above reproach.

"They're going to be honest. They're going to be ethical," Lenzner said. "They're going to make Shawano County proud. They're going to work for you."

Recruitment and retention of deputies, correction officers and other staff has been an issue for the sheriff's department. Olsen said he wants to address the matter as sheriff while acknowledging that finding good people to serve in law enforcement has become a national issue.

"The way to combat that is to get our local kids interested in law enforcement," he said. "We've got six high schools in Shawano County and we've got eight school districts that reach well into the county. We need to get into the schools with our deputies, let them see the SWAT guys, our dive team, K-9 guys, get them interested in law enforcement."

Local TV listings are back again

I don't mind admitting that I goofed. I do it often enough.

First, I want to welcome you to the biggest edition of this newspaper that we make every year. For most papers, it's Thanksgiving Day. For us, it's Memorial Day weekend. In addition to the three regular sections, tucked inside these pages you should find our annual Summer Fun Guide (back to its pre-pandemic size of more than 100 pages), information about local Memorial Day observances, and the booklet for Shawano's SunDrop Dayz festival.

Last month, I shared the announcement of our nifty new "Living in Northeast Wisconsin" section, which covers interesting people, events

WARREN BLUHM

and happenings in Shawano, Oconto and Menominee counties. We've been getting nice compliments since the launch in mid-April. People seem to like hearing about a broader range of activities that previously appeared in only one or two of our publications.

Less popular was my announcement that, to make room for the section, we were phasing out the 10 pages of TV listings that had been part of our weekly package for some time. Although almost no one said

they counted on those grids to find out about cable shows, a lot of people were keeping that guide next to their TVs to check out what was on the Green Bay or Wausau stations on a given night. About a quarter of all households still rely exclusively on free over-the-air television broadcasts for their nightly entertainment, and the loss of the weekly guide especially hurt those readers.

I'm happy to announce we are re-launching the local TV listings, which will cover four pages starting today. I apologize for making you go two weeks without them. I simply didn't realize how long it would take for our vendor, which produces the grids for hundreds of newspapers, to make the

change in our service. My bad, not theirs. In fact, the "interesting" design of the grids is a result of our using the old design until the new ones can be configured, probably starting June 11.

Thank you to everyone who sent emails or picked up the phone to register your thoughts on the subject. It's no fun to hear when you're unhappy, but we appreciate that you care enough about our service to make your voice heard when we make a misstep. You're giving us a chance to make things right, and that means more to us than you can know.

Warren Bluhm is the editor-in-chief for NEW Media. Readers can contact him at wbluhm@newmedia-wi.com.

Nielsen list illustrates power of franchises for networks

By **DAVID BAUDER**
The Associated Press

With the broadcast television season winding down and most scripted series about to go into hibernation for the summer, it's instructive to look at the power of network franchises.

Of the Nielsen company's 20 most popular scripted series on the air last week, 12 were parts of franchises — the three "Chicago" dramas on NBC, the three "FBI" shows on CBS, for example. That's without counting the CBS comedy "Young Sheldon," even though it began life as a spinoff to "The Big Bang Theory."

At a time viewers are inundated with choices, particularly on the streaming services, broadcast networks have taken the power of these ideas to heart, knowing that their viewers will be attracted to familiar concepts and storylines.

That's primed to continue, since ABC announced on Tuesday they will be trying to create a new franchise out of their drama "The Rookie," with a spinoff due in the fall.

CBS won the week in prime time television, averaging 4.2 million viewers. NBC had 3.2 million viewers, ABC had 2.8 million, Fox had 2 million, Univision had 1.4 million, Ion Television had 950,000 and Telemundo had 830,000.

Behind NBA playoff games, TNT led the cable networks with a 3.36 million viewer average. Fox News Channel had 2.2 million, ESPN had 2.06 million, MSNBC had 956,000 and HGTV had 927,000.

ABC's "World News Tonight" won the evening news ratings race with an average of 7.5 million viewers. NBC's "Nightly News" averaged 6.2 million viewers and the "CBS Evening News" had 4.5 million.

For the week of May 9-15, the top 20 prime-time shows, their networks and viewerships:

1. "60 Minutes," CBS, 7.44 million.
2. "FBI," CBS, 7.16 million.
3. "Young Sheldon," CBS, 6.93 million.
4. "The Equalizer," CBS, 6.84 million.
5. "Chicago Fire," NBC, 6.61 million.
6. "Chicago Med," NBC, 6.31 million.
7. NBA Playoffs: Dallas at Phoenix (May 15), Turner, 6.29 million.
8. NBA Playoffs: Memphis at Golden State (May 13), ESPN, 6.28 million.
9. "FBI: International," CBS, 5.82 million.
10. "American Idol," ABC, 5.57 million.
11. "Chicago PD," NBC, 5.534 million.
12. NBA Playoffs: Boston at Milwaukee (May 13), ESPN, 5.529 million.
13. "The Neighborhood," CBS, 5.48 million.
14. "Survivor," CBS, 5.35 million.
15. "NCIS: Los Angeles," CBS, 5.33 million.
16. "911," Fox, 5.3 million.
17. "FBI: Most Wanted," CBS, 5.28 million.
18. NBA Playoffs: Memphis at Golden State (May 9), Turner, 5.28 million.
19. "Bob Hearts Abishola," CBS, 5.14 million.
20. NBA Playoffs: Boston at Milwaukee (May 9), Turner, 5.03 million.

Menominee Indian Traditional Singing & Dancing

@ SunDrop Dayz Saturday June 4 beginning at 10AM

The song and dance of the Great Lakes tribes has been a traditional aspect of the Native people of this area for generations. The woodland style of dance was popularized in the 1950's through increased tourism and economic impact. Today we see many styles of dance and accompanying songs. The different styles include: traditional, jingle dress, fancy, grass, and chicken dance style. Each of these dances has a specific set of dance moves and regalia which is personalized to each individual dancer. These dance outfits often require many months to complete and will feature handmade beadwork, brightly colored designs, feathers, and animal skins, depending on the complexity of the dancer style. Mastering a dance style takes many years of dedication and hard work. Powwow dancers will often travel thousands of miles each year to compete and exhibition at powwows all over the country.

The drum is the heartbeat of the people. The singers who sit around the drum sing songs for the dancers and make the music which is instantly recognizable at any powwow. Mastering the art of singing and drumming also requires many years of experience.

Singers must be able to sing appropriate and specific songs for each dance category on demand. There are songs for each dance style, sometimes slower paced as well as fast as possible depending on the dance. There is such a wide variety of songs and song types, being a singer is a highly respectable and important part of the powwow.

We are pleased to perform and share a little of the traditional culture with our friends at Shawano SunDrop Dayz; 10 AM Memorial Park. We hope to see you there!

ThedaCare using mAbs to combat COVID-19

Monoclonal antibodies are currently one of the most effective treatments for COVID-19 infections, significantly reducing the incidence of hospitalization and the severity of symptoms when administered within seven days of the onset of symptoms.

The Federal Drug Administration authorized their use beginning in fall 2020.

“Monoclonal antibodies have been used for years in the treatment of a variety of diseases,” said Dr. Montgomery Elmer, interim medical director of primary care for ThedaCare. “After the FDA authorized emergency use of the treatment for COVID-19, ThedaCare began offering it shortly after. In 2021, as we saw another COVID surge developing in late summer, we increased the number of treatment locations and significantly increased the number of patients we could treat in a day to best serve our communities.”

ThedaCare currently offers monoclonal antibody (mAb) treatments to patients that have been evaluated by a health care provider and determined to meet qualifications.

According to the National Institute of Health, monoclonal antibodies (mAbs) are artificially produced proteins created to help the body’s immune system fight certain diseases and illness. mAbs were first created in 1975, with the first approved use of mAbs coming in 1986 to prevent kidney transplant rejection. The FDA currently approves about 30 mAbs for various clinical uses.

Elmer said the primary goals for the use of mAbs in the treatment of COVID-19 are to prevent/reduce hospitalizations, reduce viral loads and lessen the severity of symptoms for patients. Currently, Sotrovimab is the only mAb treatment effective against the Omicron variant, and it is only given intravenously. After either treatment, the patient must remain at the medical facility for one hour for observation of possible side effects.

“It is critical that patients with risk factors for severe disease, immunocompromised patients, those who are unvaccinated or those who are not fully vaccinated with chronic conditions such as diabetes, obesity, high blood pressure, COPD, etc. be tested as soon as possible, within the first seven days of symptom onset,” said Lynn Hollar, vice president of ThedaCare clinically integrated network medical specialties.

“Naturally, the body takes two to three weeks to make good antibodies to fight most diseases,” added Elmer. “The way I explain it to patients is this: You have COVID-19; your body is producing antibodies to fight it. We have a medicine that blocks the virus’s ability to enter cells, thereby slowing down the infection. Your immunity army is working; with the mAbs we are dumping in the navy, air force, marines and special forces to try to win the battle for you. The mAbs will go to work immediately, bolstering your immune system.”

It was a similar conversation Elmer had with Kim and Todd Krueger, of Appleton. Kim Krueger began experiencing a headache and sniffles in October 2021, but didn’t consider she could have COVID until Todd Krueger became sick quickly and severely three days later.

“We went to the doctor on Wednesday and both tested positive,” said Kim Krueger. “They advised

Kim and Todd Krueger of Appleton received monoclonal antibody treatments in October 2021 at ThedaCare. They say the treatment helped them recover more quickly.

CONTRIBUTED

us we both qualified for the mAb treatment, and we received the infusions the next day. That was day six for me and day three for Todd.”

The Kruegers both observed that Todd’s symptoms were more severe than Kim’s.

“I developed a high fever, a bad cough and felt very sick quickly,” Todd Krueger said. “After the infusion, I definitely noticed a big improvement in how I felt in a couple of days, whereas Kim’s change was not as significant.”

The Kruegers said they were not vaccinated against COVID-19.

“We regularly get flu vaccinations and our daughters were vaccinated against all childhood illnesses,” Kim Krueger said. “We just had concerns about the development of the COVID vaccines.”

Todd Krueger said he was comfortable with receiving the mAb treatment because he felt the treatment model had more research behind it.

“The doctors and nurses were able to answer our questions,” he said. “Monoclonal antibody treatments have been around for 30-plus years, so I felt that technology was more proven.”

The Kruegers believe they still have some residual effects from COVID-19. Both said their lungs

seem to feel “like something’s brewing inside” at times and both have lingering coughs. They said they are thankful they were able to receive the mAb treatment.

“I definitely feel the infusion helped me recover more quickly,” Todd Krueger said. “The infusion process was very comfortable, and neither of us had any side effects.”

Now that the Kruegers have recovered from COVID-19 and were treated with mAbs, they will not be eligible to receive the COVID-19 vaccine for 90 days. Elmer said that their natural antibodies should protect them from another COVID-19 infection for those 90 days.

“Once someone has been exposed to COVID-19 or is at high risk of exposure, that mAb treatment can prevent them from becoming ill or lessen any symptoms they may experience,” said Elmer. “However, mAbs can’t be used in lieu of the vaccine because the vaccine is believed to provide longer protection than the mAbs. Getting the vaccine is still the most important step toward preventing COVID-19.”

As of Feb. 2, ThedaCare had administered nearly 4,700 mAb treatments.

Click It or Ticket campaign underway

The Shawano Police Department and the Shawano County Sheriff's Department will join thousands of law enforcement agencies for this year's Click It or Ticket seat belt campaign.

Through June 5, local law enforcement will join officers statewide and nationwide, to patrol for longer hours to reinforce one safety message – buckle up. The annual campaign coincides with the first summer travel holiday.

"Wisconsinites are anxious to resume their holiday traditions and that often includes a long weekend getaway or a daytrip," Shawano Po-

lice Lt. Mike Musolff said. "With an increased number of cars flooding the roads for the upcoming Memorial Day holiday, it's vital that we get the word out about the importance of wearing a seat belt."

Currently, 89% of Wisconsin motorists wear safety belts. The 11% who fail to buckle up accounted for 43% of all the drivers and passengers killed in Wisconsin traffic crashes in 2020.

Wisconsin's primary seat belt law, in place since 2009, allows law enforcement to stop and cite motorists for failing to wear a seat belt. Drivers can also be cited for

every unbuckled passenger in their vehicle. Penalties are higher for transporting unrestrained children. Failure to fasten a seat belt is among the most common traffic violations in Wisconsin, resulting in more than 27,000 traffic convictions last year.

According to National Highway Traffic Safety Administration, in 2019, 55% of passenger vehicle occupants killed at night (6 p.m. to 6 a.m.) were not wearing their seat belts. That's why one focus of the Click It or Ticket campaign is nighttime enforcement.

"We aren't handing out tickets for the thrill of it. Wearing a seat

belt is not only the law, it can save your life," Musolff said. "If you know a friend or a family member who does not buckle up when they drive, please ask them to consider changing their habits. Help us spread this lifesaving message before one more friend or family member is killed as a result of this senseless inaction. Seat belts save lives, and everyone — front seat and back, child and adult — needs to remember to buckle up every trip, no matter how long."

Alfalfa maturing in northeast Wisconsin

The annual University of Wisconsin-Extension first-cut alfalfa quality monitoring project is indicating that first crop alfalfa is maturing and will be ready to harvest for most dairy farms yet in May.

The project monitors alfalfa for-

age quality changes, allowing farms to make informed decisions about harvest timing. The data collected May 19 from 12 fields across a five-county region found that most fields are in the 220 to 240 Relative Forage Value points, and most dairy farms

harvest when this value is between 180 and 200. However, two fields were more mature and registered closer to the 200 mark.

First crop is usually the most important harvest of the year, and farms use quality data to make sure they harvest at the appropriate forage quality for their operation. The only way to be sure about harvest timing is to monitor quality in your own fields by submitting actual forage samples, using the Predictive Estimated Alfalfa Quality system or by following the results of the area-wide monitoring project.

Scott Reuss, extension crops/soils educator, will gather quality data again on at least a weekly basis. Producers can call the Scissors Clip Hotline 24 hours a day at 715-732-7510 to get the most current regional information. Producers can also log on to the state site and look at data from all cooperators across the state, at <https://fyi.extension.wisc.edu/scissorsclip> or can e-mail to scott.reuss@wisc.edu.

reuss@wisc.edu.

Normally, pure alfalfa fields will drop about four or five forage quality points per day. Most weed species, along with forage grass species, have lower values than do alfalfa and clovers. Thus, fields with high weed or grass content need to be cut sooner than those which are pure legume stands.

Each farm must match their harvest timing to their forage quality needs. Farms must also account for harvest and storage quality losses of nearly 10%, meaning they must harvest at 200 to get 180 RFV feeding quality. Some dairy farms want 185 or higher RFV point feed, while beef farms may wait to capture more yield and have 125 point hay/haylage. It is a balancing act for dairy farms in this extremely high feed cost year, as fewer cuts means more tons of forage and less harvest cost. However, more cutting events yields higher quality alfalfa and fewer purchased nutrients.

Family history can inspire health action

Among the gifts received for birthdays and Christmas, folks may have received the popular genetic testing kits to help them learn more about their family history.

While these kits can be interesting and help spark conversations with families, people should be aware that the information revealed is only a small part of the picture.

"Some health conditions run in families, and it can be important to know what your risks are," said Heather Willems, certified genetic counselor at the ThedaCare Regional Cancer Center. "While these kits are a place to start, patients should not rely on these tests alone for accurate information."

Willems said that it is important to consult with a certified genetic counselor to analyze health history information, especially for people whose immediate family members have had serious health conditions. ThedaCare offers genetic testing and counseling at the Regional Cancer Center in Appleton and at ThedaCare Regional Medical Center-Neenah. Staff includes three genetic counselors and three genetic counseling assistants.

"Genetic counseling can help you gain a better understanding of the health information you've discovered with ancestry testing or from talking to relatives," she said. "Genetic counselors review your medical and family history to determine your risk of developing a specific medical condition. From there, we can help guide you through next steps, using the valuable information to help make informed health decisions."

During a consultation with a genetic counselor, patients are walked through a series of health questions to help determine the risk of developing various conditions. The genetic counselor may ask about which family members have certain health conditions, how early in life these conditions developed, the gender of family members with the condition, any notable combinations of diseases, their own current health habits and many other contingencies that all play a role in their risk.

"Your family history can hold a

HEATHER WILLEMS

lot of clues that point toward conditions for which you may be at higher risk, and genetic counseling can help you note areas where prevention measures can be taken," Willems said.

For those patients who are at higher risk for health conditions such as certain cancers, patients may receive recommendations to start screenings at an earlier age, or to undergo genetic testing to help reveal more information about risks. Genetic counselors also can provide referrals to specialists who may recommend additional action, such as more frequent testing or preventive surgery.

As a comprehensive health care system dedicated to individualized care, ThedaCare teams work to understand each person's unique medical background, risks, lifestyle, values and goals. Willems said that genetic testing one way that patients and care teams can be proactive in care, helping predict and prevent disease before complications arise.

People should also understand that at-home genetic tests search for some — but not all — variants of disease. For instance, if people have a relative who had breast cancer, they may wonder about the "breast cancer gene," or the BRCA mutation. Some tests can search for the most common BRCA gene mutations that can indicate a greater risk of developing breast and other cancers. Willems noted there are many, many variants in the BRCA gene that will not show up on these basic tests.

"You should not rely on at-home tests to tell you whether or not you are 'safe' from developing certain cancers or other conditions, especially if you have a family history of certain diseases," Willems said. "Consulting with a certified genetic counselor and getting tested through a medical facility is a better way to gain that information."

FOR ACTIVITIES SUBJECT TO ENVIRONMENTAL ASSESSMENT

COMBINED NOTICE OF FINDINGS OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

Date of publication or posting: May 27, 2022

City of Shawano

127 S Sawyer Street

Shawano, WI 54166

(715) 526-6138

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

The above-named grantee has prepared an Environmental Assessment (EA) for the following project. The EA is on file at the above listed address and is available for public examination and copying. Electronic files can be requested by email at jthelen@msa-ps.com.

Project Name: Kuckuk Park and Memorial Park Improvements 2022

Project Locations: Kuckuk Park, 700 Oak Drive and Memorial Park,

909 S. Lincoln Street, City of Shawano, Shawano County, Wisconsin

Estimated Cost of Project: \$2,500,000

Nature/Purpose of Project: The City of Shawano, Shawano County, Wisconsin will be committing Community Development Block Grant funds to undertake the project known as the Kuckuk Park and Memorial Park Improvements. The proposed project includes the construction of playground equipment/play areas, basketball court, pickleball court, connecting sidewalk/paths, installation of new lighting and parking improvements.

The UGLG has determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and, accordingly, the UGLG has decided not to prepare an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 (PL 91-190).

The reason for such decision is because adverse impacts can be mitigated. The proposed project is located in the Rusty Patched Bumble Bee (RPBB) High Potential Zones. The project has qualified for a Broad Incidental Take for No/Low Impact Activities provided strict erosion controls are employed in Kuckuk Park to avoid impacting the Wolf River. Since the project will disturb over 0.5 acres of previously undisturbed land, the city is required to complete an archaeological survey of the site. An archaeologist has been hired to complete the project and the city will have an archeologist on site if required by the Wisconsin Historical Society. With the exception of the potential effects to the RPBB and historic resources, none of the agencies with who have been consulted noted any negative impacts and the project is expected to have only beneficial impacts on the human environment.

All agencies, groups or individuals disagreeing with this decision are invited to submit written comments to the above address. Such written comments should be received on or before June 12, 2022. All such comments will be considered, and the UGLG will not request the release of federal funds or begin the project prior to such date.

On or about June 13, 2022, the UGLG will request the Division of Energy, Housing and Community Resources (DEHCR) to release Community Development Block Grant (CDBG) funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) as amended for this project.

The UGLG is certifying to DEHCR that it and its chief executive officer, in his/her official capacity as Mayor, consent to accept the jurisdiction of the federal courts if an action is brought to enforce environmental review responsibilities, decision-making, and action; and that these responsibilities have been satisfied. Upon certification, the UGLG may use the CDBG funds, and DEHCR will have satisfied its responsibilities under the National Environmental Policy Act of 1969. DEHCR will accept an objection to the release of funds and certification only if (a) the certification was not executed by the chief executive officer or other officer of the UGLG approved by DEHCR; or (b) the UGLG's EA indicates omissions of a required decision, finding, or step. Objections must be prepared and submitted in accordance with 24 CFR 58, and may be addressed to the Division of Energy, Housing and Community Resources, Attention: Environmental Desk, P.O. Box 7970, Madison, WI 53707-7970.

Objections for reasons other than those stated above will not be considered by DEHCR. No objections received after June 29, 2022 will be considered by DEHCR.

Witt-Birn tops Menominee Indian in regional play

Shawano, Gillett/Suring eliminated

By **MORGAN RODE**
Sports Editor

The Wittenberg-Birnamwood High School softball team topped Menominee Indian 18-3 in three innings during a rainy Division 3 regional quarterfinal playoff matchup on May 19 in Wittenberg.

It was Menominee Indian that scored the game's first run, but Witt-Birn rattled off 17 runs over its first two half-innings to take control. The 10th-seeded Eagles scored twice in the top of the third to extend the game, but the seventh-seeded Chargers added a run in the bottom half to reach the 15-run rule.

"I think we did good watching the ball, and then we got our walks. But when we got our swings, we got the ball into play and that was really big when we got down," said Witt-Birn's Jadalynn Davids.

The Chargers drew six walks in the opening inning, with all the runners coming around to score. Halle Beversdorf and Kaylee Schram drew the first two walks and both scored on an error after a bunt from Makayla Meronk.

Sophia Lemieux drew a bases-loaded walk to force in Meronk before Evelyn Fletcher scored on a wild pitch. Emily Niles, Lemieux and Kylee Beversdorf scored on another Menominee Indian error, and then Halle Beversdorf scored her second run in the inning on a wild pitch to make it 8-1 after an inning.

In the second frame, the Chargers did their damage with the bats, drawing just two walks.

It didn't look like it would be a big inning after Schram scored on a Gwenneth Groshek groundout for the second out, but the next nine batters reached after that.

Lemieux drove in Fletcher and Niles with a single before Kylee Beversdorf plated Lemieux with a single. Davids later clubbed a two-run double, scoring Kalene Rasmus-

sen and Halle Beversdorf. Groshek then plated Davids, Schram and Meronk with a double.

Halle Beversdorf had the walk-off hit for Witt-Birn in the third, driving in Madisyn Sippl.

"We were on the bats really well," said Schram of the 18-run outburst. "We only had, like, one or two strikeouts the whole game, and then we were watching our pitches. And when they were there, we were swinging. A lot of people had really good hits."

Jami Wendler pitched the first inning for Witt-Birn, while Meronk got the last six outs.

Ashlee Corn was one of three Eagles to walk in the top of the first inning, and she came around to score on a wild pitch. A big inning was thwarted by a lineout that turned into an inning-ending double play.

Sam Wilber singled to open the third inning before moving to third on a Corn double. Aniya Peters plated Wilber on a groundout, and Shauna Madosh brought home Corn with an infield hit.

Peters pitched the entire game for the Eagles.

Oconto Falls ends regular season with win

Adler powers Panthers to victory

By **MORGAN RODE**
Sports Editor

The Oconto Falls High School baseball team ended its regular season with a 3-1 victory over North Eastern Conference opponent Marinette on May 20 in Oconto Falls.

It was freshman Jack Adler who powered the Panthers to victory just a couple days after the team lost a road game to Marinette.

"It felt good because we had a tough loss against them whenever it was — I think it was Tuesday," said Adler of the win. "It was a tough loss, so it was good to get out there and show it to them."

Adler started on the mound and pitched 6 2/3 innings. He struck out five batters while allowing just six baserunners to reach against him.

He said staying calm was how he was able to work his way through the Marinette lineup.

Adler struck out a pair of batters in a 1-2-3 first inning and then worked around a two-out walk in the second frame. The freshman righty struck out two more in another clean third inning.

The starting pitcher picked up all the run support he'd need in the bottom of the third.

Jake Sager started the inning with a single and then stole second base. Braden Vandermoss walked with one out, setting up a bizarre play with Cy Vizelka at the plate.

Vizelka hit a flyball to right field, so both Sager and Vandermoss tagged up. The confusion began when the right fielder wasn't able to cleanly catch the ball, but nobody knew if he had completed the catch. Vizelka and Vandermoss both were standing at first base, as Sager advanced a couple bases and crossed home plate.

After the umpires met and talked things over, it was ruled to be no catch in right, so Vizelka was awarded first, Vandermoss was out at second base on a force play and Sager's run counted.

The inning continued with a booming double from Logan Kramer, moving Vizelka to third. Adler then blooped a hit over the infield to plate Kramer and Vizelka to give the team a 3-0 advantage.

"At the start of the year, I was struggling at the plate, so it felt good to get some RBIs on varsity and then it gave me confidence on the mound, too, knowing I had insurance," said Adler.

"To start the game, we didn't have very much energy. I think after I led off, it kind of set the tempo and every-

body's like, 'OK, we can score a couple runs here,'" said Sager of the three-run inning. "Steal second, there's the weird play in right and we score a run and everybody is hyped, and then Jack gets a base hit over there and he's getting hyped. I was like, 'all right, we're going to win this game.'"

Adler walked a pair of batters with two outs in the fourth, but avoided any more trouble by inducing a groundball to end the frame. The freshman then worked another 1-2-3 frame in the fifth.

Marinette's first hit off Adler came with one out in the sixth on a double. The runner later scored on a batted ball off a diving Sager's glove. Adler kept the team's lead at two after getting a groundout and popup.

With 91 pitches to start the seventh, Adler hoped to get the final three outs before reaching 100 pitches. He fell just short of that after hitting a batter and then getting a popup and flyout.

Sager came on in relief as Adler walked off the mound to a loud ovation from the Oconto Falls' faithful.

Sager needed just one pitch to get a game-ending groundout.

"Well, we haven't won a game in a good amount of games, so to finally get the win brings positive vibes. Everybody is happier," said Sager. "We've been playing better lately, but this really seals the deal on how we've been playing."

Popelka, Rabideau combine for 5 goals for Hawks

By **MORGAN RODE**
Sports Editor

The Shawano Community High School girls soccer team was dominant during a 10-0 Bay Conference Tournament win over New London on May 16 in Shawano.

It took the Hawks less than two minutes to get a shot on goal. After several near misses, the goals came at a furious pace.

Abigail Rabideau netted Shawano's first goal at the 14 minute, 22 second mark of the first half.

Kaylee Rindt appeared to be on her way to a goal a couple minutes later, but was taken down before she could get off a clean look. Rindt was able to score on the penalty kick however at the 18:10 mark.

Along with peppering the New London defense with offensive attacks, Shawano was able to mostly keep the ball on the visitor's side of the field. Goalie Brynlie Boyles was tasked to stop just a couple shots, and none of the New London shots were all that troublesome to save.

"What we did the most, and what we try to do every game, is communication. It's really, honestly, key, said Rabideau. "Communication is key for a lot of things, but we really try to communicate a lot and make sure that we are aware of where we are on the field and where everyone else is.

"Possession is another really big thing we do. We try to make sure we have nice strong passes to each other and make sure that they rarely get possession, and then we can make those nice passes to each other where we can just slip one in the goal or power-house it into the goal. That's two of the really big things we try to do on our offensive line to keep the ball on our side."

The Hawks' next two goals came in a 33-second span. Adison Moesch netted the first goal off an assist from Kyla Dove before Rabideau was able to sneak another shot past the New London keeper. Moesch's goal came at 20:07, with Rabideau's at 20:40.

Shawano upped the lead to 5-0 when Trinity Popelka scored off an

assist from Evony Perez at the 24:29 mark.

Caitlyn Moede joined the scoring outburst with a goal at 26:49 before Popelka scored again at 28:19.

Faith Lammers scored an unassisted goal at the 32:06 mark before Perez scored unassisted at 33:47 to cap a nine-goal first half.

"We really trust each other. When we look for our passes, we're not just thinking about ourselves and trying to get the goals in, but really working on ourselves and doing the best that we can," said Perez.

Shawano continued to dominate the contest in the second half, with Popelka finishing off a hat trick and the scoring in the match with a goal in the ninth minute off a Rabideau corner kick.

"It's really just about not looking for the goals, it's about trying to get them for the team and letting the goals come to you," said Popelka on what led to her hat trick.

"What's really important for me is just focusing on getting those passes in, because what's most exciting for me is the assists I get in a game. It's awesome seeing my teammates get excited about goals, so it's just a bonus on when I'm able to put a few in for my team, too."

The match concluded at the 60-minute mark with the Hawks up by more than eight goals.

Beaulieu-Morgan to play collegiate football

Menominee Indian QB will join 2 teammates at Minnesota Morris

By **MORGAN RODE**
Sports Editor

Menominee Indian High School athlete Devin Beaulieu-Morgan took the next step in his athletic career when he signed a letter of intent on May 19 at the high school.

Beaulieu-Morgan signed to the University of Minnesota Morris, where he will play football.

"It was an incredible feeling, really a reminder as to how great God is," said Beaulieu-Morgan of signing. "It feels like all of the long nights and early mornings are telling me how worth it it is. I'm not done yet and today made me even more hungry for the future. It was such a blessed day to my family and I, and it's a moment I'll never forget."

The Menominee Indian senior said there were ups and downs during his recruitment process, with the uncertainty of where he'd end up playing the biggest role. Beaulieu-Morgan said things picked up as a senior, and that he had to "put himself out there."

"There were a few schools, but after my visit with Morris I knew I'd be there this fall," he said.

Beaulieu-Morgan said Minnesota Morris felt like home to him, and the fact that a couple of his high school teammates also will be there also was a positive.

Andre Corn signed to Minnesota Morris back on Feb. 25, and Bryce Dixon signed to the school on Feb. 15.

"It's really going to be a special thing for the three of us. They're two of the hardest workers I know, and being able to grow with them on and

off the field over the years is something I've always been grateful for," said Beaulieu-Morgan.

"Andre and I have been talking about this since middle school. I can only thank God to actually see this come to fruition. To be able to continue that growth with them, and keep that bond at the next level, is truly a huge blessing. I can't describe it."

From all his interactions with the team so far, Beaulieu-Morgan expects to play quarterback at Minnesota Morris, just like he did at the high school level.

According to www.wissports.net, Beaulieu-Morgan threw for 1,772 yards over 16 games between his sophomore and senior seasons.

Most of the yards came during the 2020 alternate season and 2021 fall season. As a senior, he competed just under 65% of his passes for 1,244 yards and six touchdowns.

Beaulieu-Morgan said playing quarterback at the college level is a "dream come true."

"I understand it's college and things change, but I plan on doing big things for them at that spot and it's the spot I love playing," he added.

He said he strives to be the best at whatever he does in life, and will do the same as he attempts to guide the Minnesota Morris football team.

"The No. 1 goal is winning that championship with my team," Beaulieu-Morgan said.

The senior couldn't pinpoint a single favorite memory from his time on the Menominee Indian football team, instead saying he enjoyed every moment he got to

spend with the team.

"Just being with my guys, man, that's all I can say," said Beaulieu-Morgan. "The bus rides, the jokes, the hardships, just bonding and growing up together. Putting your blood,

sweat, and tears out there with a group of people will bring you together. I'm so grateful for them, becoming my best friends and brothers for life."

Suring girls, Lena/STAA boys win M&O team titles

Gillett girls claim 2nd

By **MORGAN RODE**
Sports Editor

Area track and field teams had strong days at the Marinette & Oconto Conference Meet on May 17 in Suring.

The Suring girls team finished first with 180 points, while the Lena/St. Thomas Aquinas Academy co-op secured first with 149 points.

The Gillett girls placed second with 118½ points, while Lena/STAA was fourth with 91 points. The Suring boys placed fourth with 97 points, and Gillett came in sixth with 91 points.

Suring

The Suring girls claimed four first-place finishes at the meet.

Christine Sleeter won the high jump after clearing 5 feet, 4 inches.

Olivia Noack placed first in the 800-meter run with a time of 2 minutes, 37.71 seconds.

The girls 4x200 relay (2:02.13) and 4x400 relay (4:41.01) teams also came in first.

Birdee Cramer placed second in the 100 hurdles (17.87) and 300 hurdles (54.21).

Sleeter came in second in the pole vault (8-6), while Macie Reed finished second in the shot put (31-9½).

The girls 4x800 relay team had a time of 11:48.57 was also good enough for second.

Placing third for the Suring girls was Noack in the 1,600 (5:50.97) and 3,200 (13:50.35), Sleeter in the 400 (1:06.4), Lily Hakes in the 200 (29.5), Kaylee Otradovec in the 300 hurdles (56.5) and Harlee Wolf in the discus (95-9).

"After getting conference champ in high jump, I needed that confidence for the rest of my events," said Sleeter. "Pole vault, I got

second place and that also gave me so much confidence. Then I ran a PR (personal record) in my 400 and that made me super happy. I definitely couldn't have done it without the best coach ever, Mrs. (Heidi) Gerndt. She pushed me so much and she was one of the reasons I did so well.

"All the girls on my team cheered me on throughout the whole meet. It was amazing running and being able to hear them from the sidelines. I love my team and my coaches and I'm so glad that we got conference champs."

Jeremy Hensel posted both of the boys team's top finishes, winning the 400 (55.23) and pole vault (12-9).

Jackson Schaal took second in the shot put with a toss of 41-1½. He placed third in the discus (107-6).

Trent VanDenElzen claimed third in the high jump (5-4) and pole vault (10 feet), while Ashtyn Edwards was third in the 300 hurdles (48.18).

Lena/STAA

The Lena/STAA boys team was powered by first-place finishes from its 4x100 relay (45.56) and 4x400 relay (3:56.07) teams.

Sidney Sylvester placed first individually in the triple jump (39-11).

"The strong finish in triple jump gives me a lot of confidence going into regionals," said Sylvester. "I have high expectations and I hope I can preform to my best and make it to state in triple jump."

The team's 4x200 relay (1:43.69) and 4x800 relay (9:36.84) teams came in second. Braeden Neta placed second in the 400 (56.58).

Placing third for the boys team was Max Beyer in the triple jump (38-6) and long jump (18-10½), Sylvester in the 400 (56.66), Bladyn Anderson in the 3,200 (11:25.79), Sam Marquardt in the 200 (24.2) and Lane Whiting in the 100 (11.97).

"Our boys team is like no other," said Sylvester of the team's confer-

ence title. "We always challenge each other to be our best and that is what ultimately pushes me. We took on a few athletes this year from the baseball team and that helps a ton. There is never a lack of support and I couldn't trade any of them."

Natalie McNurlen led the girls team with a top finish in the triple jump (34-5¼).

McNurlen placed second in the 400 (1:06.38), while Eva Brooks was second in the high jump (5-3). McNurlen claimed third in the long jump (16-1), with Brooks third in the triple jump (30-5½).

The team's 4x100 relay (58.04), 4x400 relay (4:47.7) and 4x800 relay (12:04.47) teams all took third.

1,600 (5:44.23), while Ryann Wagner came in first in the 3,200 (12:38.69) to lead the Gillett girls.

The girls team's 4x800 relay was also first with a time of 11:28.5.

Kaczmarek placed second in the 800 (2:41.46) and 3,200 (13:04).

"My strong finishes definitely make me feel like I can compete with some of the best," said Kaczmarek. "It also tells me that I need to keep believing in myself and working hard to be better. Very excited to see what the end of the season has for my teammates and I."

Angela Mosconi finished second in the 1,600 (5:44.25).

The girls 4x200 relay (2:08.21) and 4x400 relay (4:46.71) also placed second.

Alaina Herzog finished third in the high jump (4-6).

Swedberg and Teske win back-to-back features

Trent Nolan (25) and Dylan Stedjee (3D) battle for the top spot during a IMCA Stock Car heat race on May 21 at Shawano Speedway. Nolan later won the feature race.

MORGAN RODE | NEW MEDIA

Lamberies, Nolan, Wedde win other features

By DAVE BUSS

Special to NEW Media

Lucas Lamberies, Jeffery Teske, Brett Swedberg, Trent Nolan and Brad Wedde earned feature wins during racing action May 21 at Shawano Speedway.

The IMCA Modifieds rolled on to the track with Kevin Feck and Jerry Muenster on the front row. Feck, coming off a strong run in his heat race, and Muenster, celebrating his 81st birthday, both looked to secure their first feature win in 2022.

Jerry Wilinski looked to spoil those plans as he grabbed the lead by lap five after a caution hit the track. Wilinski looked to match his son's win last week as he started to pull away from the rest of the competition.

While Wilinski was dominating out front, Lamberies was moving through the field from his ninth place starting spot. Lamberies wrestled the top spot from Wilinski on lap 15 and cruised to the checkered flag.

Wilinski settled in second with Feck, Muenster and Mike Schmidt rounding out the top five.

The IMCA Stock Cars saw Travis Welch and Dylan Sexton leading the field to the green light for their feature event early on. It was Welch grabbing the top spot over hard

charging Tyler Wendt.

Welch led until a lap five caution slowed the field and set up a restart. Nolan took advantage of the restart and powered to the lead on lap eight, with Welch falling in line behind him and Wendt in third.

By lap 11, Kyle Frederick had moved into the second position and began to give chase to Nolan. As laps began to wind down, Travis Van Straten made his way past Frederick for second but had nothing for Nolan, who grabbed the victory.

Frederick finished in the third spot with Welch in fourth.

The Late Models were led to the green flag by Tom Naeyaert and Gunner Frank. Frank grabbed the top spot with his father Todd Frank moving into the second spot early in the feature event.

Gunner looked very strong as

he continued to hold off his father while Swedberg worked his way past Naeyaert for third. Swedberg worked past Gunner Frank for the lead out of corner two only to have the caution flag fly, resetting the field to the last completed lap.

On the restart, Gunner Frank suffered a mechanical failure and had to retire from the race. Swedberg assumed the top position and cruise two his second straight feature win this year.

Todd Frank, Naeyaert and Ron Berna would round out the top four.

Matthew Radtke looked to grab a feature win from his front row starting spot in the IMCA Sport Mod Division.

A restart a quarter of the way through the feature gave Teske the break he needed as he powered to the lead by lap seven. Teske and Radtke battled it out while Tyler Sobiesczyk

moved into the third spot.

A lap 16 restart following another caution allowed Sobiesczyk the opportunity to grab the runner-up spot, but he would have nothing for Teske as the No. 4 car grabbed his second straight feature win.

Sobiesczyk finished second with Radtke third and Andy Klosterman fourth.

The Mighty 4 division saw Wedde power to the front by lap four, with Alexis Michonski in the second position giving chase.

Wedde continued to hold the top spot as Calvin Stueck move to second and Tanner Westphal to third. Despite multiple efforts Stueck, he was unable to take the top spot from Wedde and the 37 car grabbed the checkered flag.

Westphal and Michonski slipped past Stueck for second and third as the feature concluded racing for the night.

HIGH SCHOOL GOLF

Bonduel wins CWC title behind Uelmen

Witt-Birn grabs 2nd

By **MORGAN RODE**
Sports Editor

The Bonduel High School boys golf team secured the Central Wisconsin Conference title with a first-place finish during a meet May 16 at Golden Sands Golf Course in Shawano.

Bonduel turned in a team score of 357 at the final meet, with Wittenberg-Birnamwood in second with a mark of 368. Marion posted a score of 421 to take seventh, while Menominee Indian/Gresham took 10th with a mark of 450.

For the season, Bonduel had a score of 1,472, with Witt-Birn in second with a 1,527. Marion was eighth with a mark of 1,803, and Menominee Indian/Gresham claimed 10th with a total score of 1,841.

"First off, it's huge for me and my team, especially coach (Dave) LaBerge," said Bonduel golfer Cooper Uelmen. "Me and the team have been practicing hard over the past months, and it's extremely reward-

ing to be the first team in 10 years and only the third team in program history to achieve the feat of conference champions. It was also nice to help coach LaBerge get his first team championship in. The amount of work he does for the team is incredible, and he's a huge reason our team was able to grow into what it is today."

Uelmen led Bonduel with an 18-hole round of 79 at Golden Sands to finish as the medalist. He also was the top individual golfer for the season.

"Earning Player of the Year has been probably the best moment of my entire high school career," said Uelmen. "The time and effort I put into learning everything about the game finally paid off. It wasn't all me, I had a lot of help getting to where I am now. For starters, the biggest influence on me would have to be my boss, Jim Acker. His hours of lessons improved my game more than I ever could have done by myself."

"Secondly, my parents driving me everywhere before I was able to get my license. They always called me crazy when I got them up early

to go golfing or wanted to buy new clubs, but they always supported me. Finally, I'd like to thank my team for always being there, they certainly made golf a lot more enjoyable, and I'm hoping we can build off our conference success with a solid run into the playoffs. Everything about this year has been memorable, and I'm hoping we can end it out with a bang."

Bonduel's Colin Margelofsky fired a round of 90, while Jake Dreyer shot a 91. Reece Stoltenow's 97 and Reed Luepke's 102 rounded out the team's lineup.

Dreyer was the conference's fifth-best golfer for the season, with Luepke in 12th and Stoltenow 13th.

Witt-Birn's Calvin Scheurer tied for second place at the final meet with a round of 83. He placed second as an individual for the full season.

"It's quite crazy to think that our team could still get second place after losing the heart of our team last year, but I was definitely pleased with the way I was able to pull my weight and help out the team," said Scheurer.

Witt-Birn's Nolan Fraaza came

in sixth for the conference season, and shot an 89 at the last meet. Joey Seegmiller took 15th overall and carded a 103 at Golden Sands.

Dylan Resch turned in a round of 93 in the final meet and was 16th for the full season. Owen Schultz had a round of 104 to cap the team's lineup. Marion's Isaiah Gueths led the team at Golden Sands with a round of 100. Sam Gueths and Quinn Tolan weren't far behind, with scores of 103 and 104, respectively.

Kasey Roethle's 114 and Owen Spiegel's 126 capped the Mustangs' five-golfer team.

Isaiah Gueths was Marion's top finisher for the season, taking 18th.

Corbin Welch paced the Menominee Indian/Gresham co-op this spring, finishing 11th overall. He shot an 88 at Golden Sands.

Dugan Webster fired a round of 100 for the co-op. Fynn Bennett (113) and Trentyn Harrison (149) rounded out the four-golfer lineup.

Packers sign Alexander to contract extension

The Green Bay Packers have signed cornerback Jaire Alexander to a contract extension.

General Manager Brian Gutekunst announced the transaction May 18.

"We are very excited to be able to come to an agreement that keeps Jaire in Green Bay," said Gutekunst. "He has consistently performed at a high level during his time with the Packers and we look forward to his

continued growth as both a player and a leader for this team."

Alexander played in 48 games with 46 starts for the Packers in his first four seasons, posting 203 tackles (151 solo), seven tackles for a loss, 1½ sacks, five interceptions, 54 passes defended, two forced fumbles and a fumble recovery.

He earned second-team All-Pro honors from The Associated Press in

2020, becoming the first Green Bay cornerback to earn All-Pro recognition since Charles Woodson in 2011. Alexander was also named to his first Pro Bowl in 2020, joining Herb Adderley (1963) and Willie Buchanan (1973) as the only CBs in team history to make the Pro Bowl in their first three seasons in the league.

Alexander, who was selected by the Packers in the first round (No.

18 overall) of the 2018 NFL Draft out of the University of Louisville, was named to the All-Rookie team by the Pro Football Writers of America, just the second Green Bay CB to be honored since 1974 (CB Casey Hayward in 2012).

Alexander led the team in passes defended in each of his first three seasons, highlighted by a career-high 23 passes defended in 2019.

Navarino Nature Center opens GRACE Trail

Creators hope visitors use trail as a means of reflecting

By **LUKE REIMER**
Reporter

A new trail was completed and opened at the Navarino Nature Center on May 19.

With Shawano Pathways, ThedaCare and other community partners, the nature center opened a GRACE trail for visitors to walk and reflect on the things that are most important to them.

GRACE stands for Grateful, Release, Acceptance, Challenge and Embrace. Along the mile-long trail, there are five checkpoints, each representing one letter of the word GRACE. When visitors reach each checkpoint, they are met with a question and are invited to reflect on what that question means to them.

"I think that the joint venture of the project between the nature center and Shawano Pathways is going to be a good thing to help get people out," said nature center director Tim Ewing. "It gives visitors an opportunity to stop and reflect while enjoying nature."

After her mother was diagnosed with COVID-19 in November 2020, Matty Mathison said that she went and visited her mother in Appleton and would often walk the Wiouwash Trail in Outagamie County.

"I would just remember every day that I walked that I was so grateful that she was alive," said Mathison, who helped to bring the GRACE trail to Navarino. "This whole time when I was visiting her, that word grateful stuck in my head."

Mathison said that when she returned home in Shawano, she was catching up on mail and saw a small paragraph in a magazine about GRACE trails.

"For some reason, I picked up the magazine and called," said Mathison. "I knew that I was going to help build a GRACE trail here."

She said that with the help of Shawano Parks and Recreation Director Matt Hendricks they brought the idea of the GRACE trail to ThedaCare.

"They were gracious enough to give us a \$10,000 matching grant," said Mathison. "In two weeks, we had raised the funds to match the \$10,000."

Mathison added that the Forget Me

Visitors are required to cross a bridge during the wetland portion of the GRACE trail at the Navarino Nature Center.

Not Fund helped to aid the GRACE trail.

"We had the funding, and it just grew with volunteers," said Mathison.

Ewing said that in terms of the Navarino Nature Center, this trail can help to get more people out to the center and have their own experiences with nature.

"We are doing a lot of improvements here," said Ewing. "Pathways added the GRACE trail, we are doing

a trail this spring, we are working with the DNR to add other trails on the property as well. This is all an effort to get everyone to help each other explore the property. We want people to realize what they have in their backyard."

When visitors use the trail, Mathison said that she wants them to have their own experiences on the trail.

"That is so personal," said Mathison. "Some people may look at one

question. For me, grateful is the one that inspires me, but others may walk the trail and find one of the other stations that speaks to them. If they just walk and read the words and don't stay, that's okay. Having these stations does not cause any harm."

Ewing added on this thought, saying that he wants visitors to come to the nature center and walk away with a little more excitement about nature.

"In the last couple years, I know that people were coming out here to relax," said Ewing. "I want people to come out here and relax. We want people to feel safe and enjoy this. We also want people to understand a little bit more about nature than when they arrived."

Mathison said that this trail can play a big factor in people's lives.

"The trail gives you an opportunity to slow down and think about the important things in your life," said Mathison.

Helping to spearhead the project and seeing the trail completed, Mathison said that she has pride in those who have helped.

"I would just put an email out asking if anyone wanted to help," said Mathison. "There were so many wonderful volunteers who took time out of their day to help create this. It was a labor of love."

FFA teaches board parliamentary procedure

Process helps to keep meetings orderly

By **LEE PULASKI**
City Editor

Parliamentary procedure is a necessary part of running meetings, especially government meetings, but how many elected officials know the ins and outs of how to take action on something?

There are two options for those wanting to maintain order at meetings. One is trying to decipher Robert's Rules of Order, the definitive guide to running meetings. The other is to call upon your local FFA.

The Shawano FFA recently took an evening to give some pointers to the Shawano School Board, explaining how to manage debate, when motions should be made and how they should be stated, among other things. The group was invited to provide a demonstration of how meetings should be operated after a discussion on staff raises was bogged down with confusion when a couple of amendments were made to an original motion.

"Parliamentary procedure for any organization is just the basis for running a meeting smoothly and effectively," said Missy Goers, an adviser for the Shawano FFA and the coach for the group's parliamentary procedure team. "It ensures the rights of the majority, but it also protects the minority and allows them to have their voice heard."

Goers noted that the Future Business Leaders of America also hold competitions on parliamentary procedure. She said teaching it in high school helps to prepare tomorrow's leaders with the ability to function within an organization.

"Out in the real world, you see it all over and the importance of it, as well," Goers said.

When it comes to making motions, there is an option for amending that motion, such as changing the amount of a proposed raise. When that happens, according to Goers, the discussion must shift to the amendment itself and not the

original motion. She explained to the board that it is like climbing a ladder, and that in order to get back down, the amendments must be addressed and voted on before returning to the primary motion.

"This is not something that is learned overnight," Goers said. "Many times, the students come back

year after year to build on that."

Goers said she and the students were happy to share their skills with the board, and being able to put their training to practical use is a benefit.

"It provides a real-world connection (for the students) and shows it's not just something they're learning,

that this is applicable and needed," Goers said. "It's a win-win for everybody."

Steve Stomberg, another adviser for the Shawano FFA, pointed out that the parliamentary procedure training was meant to provide basic information to the board, and that he and Goers should not be considered legal experts.

"With operating our FFA chapter, we do run our meetings with parliamentary procedure," Stomberg said. "We make motions and we make amendments on things."

Anna Majeski, a freshman at Shawano Community High School, said she has seen that parliamentary procedure is necessary to keep things organized in a meeting.

"It helps the meeting run smoothly and gives everyone a chance to talk," Majeski said. "Everyone's on the same board."

Majeski said she got involved with the parliamentary procedure team because she likes working in groups, and the concepts laid out in Robert's Rules of Order help her to work better with others.

Hunting morel mushrooms with high-tech tools

As we grow older, we learn to work smarter and play slower. Relaxation becomes an activity on its own.

Spring means turkey hunting, and that can be hard work. Getting up at 4 a.m. for a few days is a major chore, and by noon (or much sooner), I'm ready for a nap. Lugging calls, decoys and a heavy magnum shotgun to my favorite permanent blind on a neighbor's farm is hard work to a guy with a desk job.

My two turkey seasons are over, with nary a feather to show for it. I somehow got a first-season tag (even though I applied for a second-season license), and the birds were doing nothing in my slice of Waupaca County then. I bought a surplus fourth-season tag, and the birds seemed to gobble a bit, but were in very short supply. I only saw hens.

That's OK. I'd rather eat morel mushrooms over a wild turkey any day.

I haven't found any morels yet, either, but that's OK. I'm discovering new ways to find them online. I'm not too proud to buy them, either.

When my wife and I moved from Iowa to Wisconsin back in 2000, I left many friends, family and hunting spots behind. We also had our favorite morel haunts in Illinois, where I grew up. Now and then we'd hit the mother lode, coming home with a few dozen or more big, yellow morels. Mom would let out a scream as she cut them in half and watched a few bugs crawl out as she soaked them in salt water, then rolled them in flour and fried them in butter.

Nothing on earth has ever matched the flavor of Mom's morels, served crispy and piping hot. Simply seasoned with salt and pepper, they are the ultimate taste treat from the woods and bottomland (sorry, that's all the clue I can give you).

Over the decades, I've never stopped loving morels, but never got as serious about hunting them as some of my friends and co-workers. As a newspaper reporter and eventually full-time outdoors writer at the Quad-City Times in Davenport, I found a great patch of morels while turkey hunting on a public area in Scott County. Our editor would take two weeks off and hunt them from the Missouri border to the Minnesota border, bringing

ROSS BIELEMA

home up to 100 pounds of the morel delicacy. (I never saw a single one from him, but I could only assume he was telling the truth).

I was content with enough for one or two meals.

This editor, like most serious morel hunters, looked for trees, not morels. Specifically dead elm trees. Although there are about a dozen species of trees associated with these fabulous fungi, dead elms are the tree species most often mentioned by the pros.

I've never been great at identifying trees, and especially dead trees. Fortunately, others are, and they are willing to share their knowledge online. Try this link to find trees that will help you find morels: <https://www.thegreatmorel.com/2021/02/21/the-trees-of-the-morel>.

One of the great joys of being a newspaper reporter is meeting and talking with experts in dozens of subjects. As an outdoors writer, I was lucky enough to interview Lois Tiffany, a professor at Iowa State University, who was nicknamed "Iowa's mushroom lady" for her knowledge of fungi.

She told me the amazing story of how underground filaments called mycelium that can stretch for miles are one of the ways morels grow and reproduce. Two species of Iowa truffles have been named in her honor. In researching this story, I learned that she passed in 2009 at the age of 85. Read more about her at <https://www.esa.org/history/2016/03/tiffany-lois-h>.

Spores from the adult fruiting bodies are the other way they spread and grow. Some seasoned morel hunters carry their finds in mesh bags, which can help spread the spores as they walk. It typically takes five years for these spores to eventually grow, and only when the perfect combination of soil nutrients and moisture is present.

One of the best natural indicators that it's morel season is when the lilacs bloom. At that point, you only have a few days or at most a week or two to find several species of morels, including the early and smaller grays, and later the big yellows.

Morel mushrooms resemble sponges and appear in northeastern Wisconsin woods in mid- to late May. This one was found in Ross Bielema's back woods in rural New London. His daughter, Kalispell, seems happy for the tasty find.

ROSS BIELEMA

Both taste about the same.

Proper identification of morels and other edible mushrooms is crucial. Some mushrooms can make you sick or even kill you, so don't take chances.

Iowa State University offers a "Safe Mushroom Foraging" guide for \$4 plus shipping and handling, which features 50 full-color photos of mushrooms. If you go to <https://www.extension.iastate.edu/news/mushroom-guide-helps-foragers-identify-and-understand-iowas-bounty>, you can also get a free download of the book.

Facebook has many mushroom identification groups with experts who can help. When I found an odd mushroom in my pine trees and sent photos to one of these, an expert asked if there was an ash tree nearby. There was! He knew that

species grew near ash trees, which are now dying off because of emerald ash borers.

Last, go to YouTube for a huge variety of morel and other mushroom hunting tips and educational videos. Remember, there are many more edible mushrooms in the fall than in spring, so with a bit of on-line training, you can enjoy nature's fungi bounty twice a year.

I'm also not above buying them if I can't find them. Check Craigslist, Facebook Marketplace and local farmers markets or small grocery stores for morels, but expect to pay \$30 a pound or more.

To me, that's well worth the price.

Birds migrate back north as cold departs

We're especially appreciative of birds in May, during the height of their migrations. It's a reminder of their variety, beauty and tenacity as they travel great distances, their mystery as they navigate their world, and the ardent and lovely songs they bring to us.

According to The Cornell Lab

CATHY CARNES

All About Birds website (All About Birds), more than half of the 650 North American breeding birds are migratory. They journey north in the spring to feed on emerg-

ing insect populations and budding plants and to find nesting sites. As winter nears, migratory birds head south due to decreasing food sources and cold weather.

Bird migration varies among species. According to All About Birds, some birds, like the Northern Cardinal, do not migrate as they can find food year-round in their home territory; this is why we enjoy seeing them all year. Other birds are short-distance migrants such as the American Robin and Red-wing Blackbird. The Blue Jay is an example of a medium-distance migrant, traveling only a few hundred miles when migrating.

It's the long-distance migrants whose movements are so intriguing. Their journeys are long, some birds traveling thousands of miles from their northern breeding range in the United States and Canada to their wintering grounds in Central and South America.

The Arctic Terns make an epic journey, some traveling up to 60,000 miles round trip from the Arctic to Antarctica yearly, according to the National Wildlife Federation website. According to All About Birds, Baltimore Orioles and Yellow Warblers that nest in the United States and Canada travel as far as South America to reach their wintering range. The tiny Ruby-throated Hummingbirds that are again frequenting our feeders are capable of flying more than 1,242 miles nonstop, amazing for a bird weighing less than one ounce.

We wonder what causes birds to migrate. According to "What It's Like to Be a Bird" by David A. Sib-

A yellow warbler makes a stop on a tree branch in May in Oconto to sing a song as spring finally arrives.
CATHY CARNES

ley, changes in day length trigger hormones that cause a change in the bird's physiology that increases their urge and ability to migrate. Food supply, body condition, fat reserves, temperature, wind direction and speed, and changes in barometric pressure are other factors that play a role in a bird's decision to migrate.

Once in flight, it's the bird's navigation skills that are crucial in completing its journey. Birds use several different types of senses when they navigate, according to All About Birds. They get directional information from the sun, Earth's magnetic field and landmarks, such as rivers and coastlines. Many birds migrate at night using the stars as their guide. It's intriguing to realize that on some spring nights, thousands of birds may be flying overhead while we sleep, silently and with great purpose, winging their way north.

Migration isn't without its dangers. Inclement weather, inadequate food supplies and predators are all threats. The lights on tall buildings and towers can disorientate birds during nightly migra-

A Baltimore oriole arrives in Maribel just in time for spring.

JOEL TRICK

tions, causing millions of their deaths when they collide with these structures.

Light pollution is the theme of World Migratory Bird Day, celebrated this year on May 14 in the United States and Canada. According to the WMBD website, there are things we can do to reduce light pollution and conserve our birds. Some cities are dimming building lights during migration.

We can help birds, too, by turning off or dialing down the amount of light from our homes or businesses, changing the color of lighting from bright white to warmer colors like red, orange or yellow, directing

lighting downward (not skyward), and advocating for bird-friendly lighting in our communities.

The birds will thank you by their presence for any help you can give them. Enjoy the wonder of birds as they migrate north, many stopping to spend their summers amongst us. They expand our world — gracing it with wonder, life, color and song.

CLUB NOTES

Shawano County 4-H

Youth sparks are an essential ingredient of thriving in the 4-H world. Having a spark gives a young person a sense of direction and encourages goal setting.

Nineteen Shawano 4-H members exhibited their sparks around food preparation and presentation at the 2022 Foods Revue, held May 14 at the Richmond Town Hall. Youth exhibited a prepared food with a completed place setting for critique from local judges. The Shawano 4-H Foods Revue Committee typically presents a hands-on educational activity for youth. This year, the committee invited Shawano Dairy Promotions to bring activities focused on the theme: "Just Say Cheese!"

Shawano Dairy Promotions guided youth to try different types of cheeses, from Gouda to cheddar. Each family received information on how to create a charcuterie board at home and also made a cheese board to take home. The cheese selection hailed locally from Oak Grove Dairy and Belle Plaine Cheese Factory. Youth also enjoyed creating their own specialty grilled cheese sandwiches. Some add-ins included pesto, pizza sauce, pepperoni, salsa, ham, taco meat and raisins.

Shawano County Dairy Promotions is a group of local dairy producers in Shawano County, with a goal to promote the dairy industry and its products.

4-H is a community of young people across America who are learning leadership, citizenship and life skills. In 4-H, young people make new friends, develop new skills, become leaders and help shape their communities.

American Legion Auxiliary Unit 44

Karen Prueter was recently named the 2022 American Legion Auxiliary Member of the Year for Wabeno Sylvan American Legion Auxiliary Unit 44. Since 2007, Prueter has been very active in the auxiliary and was elected auxiliary president in 2014. She does many things for the auxiliary, selflessly assisting when and where needed.

Karen Prueter and her husband, Don, who is currently sergeant-at-arms for Post 44, moved permanently after retirement in June 2007 from Howards Grove to their home on Maiden Lake, which they owned and vacationed at since 1969.

Prueter is very involved in the community. She is president of AARP Chapter 1191, arranging yearly events and speakers. She is also president of Lakewood Home and Community Education Association and is secretary of the Mission/Evangelism Committee, Forest Larger Presbyterian Church in Lakewood. These organizations require many duties, which include organizing dinners, trips, brat fries and meetings.

The Prueters have been married for 58 years and traveled extensively. They enjoy fishing, golfing and spending time with their son, daughter and grandchildren.

Shawano Area Writers

Shawano Area Writers held its meeting April 21 in the Veslak room at the Shawano Public Library. Attendees were Marilyn Kroenke, Wendy Goerl, Svitlana Podgorna, Manuel Moraleda, Barb King, Trudy Bosman, John Mut-

ter, Tom Thorstenson, Twilla Beyer, Nick Wudtke and John Krizan.

Krizan was a member before but now has written a book about the ghostly actives on the farm he has lived on for twenty years.

John Mutter called the meeting to order because Dennis Vickers, president, and Lee Pulaski, vice president, were both absent. He also presented the treasurer's report.

The club had a moment of silence for the passing of our good friend and fellow writer Irma Timmons-Brunner. We will miss hearing the plays she recited without looking at a script, the violin pieces and the welcoming smile.

At our last meeting, a friend brought in a note from Timmons-Brunner saying that The Trilogy Publishing Company will be publishing six of her plays under one title. Also, the Green Publishing Company might publish her short story "The Black Dahlia."

The George Putz Memorial Student Writing Contest will be presenting awards to the winners on May 15 at 1 p.m. at the Mielke Arts Center. There were 160 entries and every category had entries.

In new business, dues were collected, and elections were held for this year's officers.

The officers are president Tom Thorstenson, vice president Marilyn Kroenke, treasurer John Mutter and secretary Barb King.

A writing workshop will be held on June 1 at Beans and Books meeting room for anyone interested, from 11 a.m. to 1 p.m.

John Mutter will find out more about writing courses that are held at The Clearing in Door County.

Marilyn Kroenke started the readings with her story entitled "What's for Dinner, Mom?" Abraham moved to America with his wife and five children. The children were having a problem with local food. Abraham decided to buy a goat and slaughter it in his backyard like they did in his country.

Trudy Bosman shared the story "Fred D. Wolf Tries to Help Out." Little Red Riding Hood had a basket to take to Grandma's house, but then a friend asks her to go to the mall. Fred D. says he'll deliver the basket so she can go with her friend. When he arrives at Grandma's house with the basket, Grandma thinks he ate Little Red Riding Hood.

Mick and Dave are in a tavern telling how they came upon their magic swords from the book "Parabolic Magnetic Key" from the Black Needle Series by Nick Wudtke.

Manuel Moraleda told a story of how the Japanese Army announces over the radio that all the men ages 17-75 of this village must go to the shed in the park on a certain day. When the men do this, all 25 men are loaded into trucks and taken to prison camps where they stay until the war is over.

Tom Thorstenson told a story and says he has always wanted to be royalty. He has named himself King Zog IV. King Zog I was taken and II and III don't have any importance. King Zog IV is ruler of Debanian, but don't try to find it on a map.

In Barb King's book "The Children in the Garden," Jillian learns from her neighbors that they hear children's voices and laughter during the night coming from her backyard, as well as blue fluttering lights. When someone checks, nothing is there.

Wendy Goerl read from her chronicles of creating her Hearthstone Saga.

AROUND THE COMMUNITY

Shawano County plans summer library fun

Public libraries across Wisconsin are gearing up to offer summer reading programs for all ages. At Shawano County Library, the program begins June 1 and runs through Aug. 6. The children's program is for ages 0 through fifth grade, the teen program is for sixth through 12th grades and the adult program for those aged 18 and older. To register for the program, stop at any library, participate online at shawanolib.org or use the Beanstack Tracker app.

In addition to the independent reading portion, many great programs, crafts and activities are planned at the libraries this summer. One of the programs includes "The Fisherman and His Wife" puppet show by Corcoran Puppets on June 21 at 10 a.m. at the Shawano Public Library, June 21 at 1 p.m. at the Bonduel Public Library, June 22 at 10:30 a.m. at the Birnamwood Public Library, June 22 at 1 p.m. at the Wittenberg Public Library, June 28 at 2 p.m. at the Tigerton Public Library and June 28 at 5 p.m. at the Mattoon Public Library.

Two other notable programs taking place at the Shawano are a presentation entitled "Exploring Wisconsin's Underwater Treasures" on June 16 at 6 p.m., and a presentation on Harry Houdini on Aug. 1 at 6 p.m.

On Wednesdays in June and July, teens will be cooking at the Shawano library, featuring a pizza garden, do-it-yourself chocolate, bike blender smoothies and more. The programs run from 1-4 p.m.

In all, over 140 programs are scheduled throughout the county's libraries during June, July and August. Program times and locations are located on the library's Facebook page and online at www.shawanolib.org. Full program brochures are available to pick up at the main and branch libraries.

Culver's seeking place to bring food truck

To give guests around the country a more vivid look into its heritage, Culver's is taking its first-ever food truck, a 22-foot truck wrapped in an illustrated scene of farm fields and dairy cows, to 17 cities on the "From Wisconsin With Love" tour.

Beyond the free Wisconsin cheese curds and fresh frozen custard served from the truck, the immersive experience is the brand's way of exporting Wisconsin through family fun and larger-than-life guest experiences, as well as giving back to its communities along the way.

Currently, Milwaukee is the only Wisconsin stop out of 16 cities confirmed on the tour route, but the restaurant company is giving people the chance to bring a slice of America's Dairyland to their city by making it the 17th destination. In the From Wisconsin With Love Sweepstakes, guests can nominate a city of their choice to become the final tour stop through June 5.

To enter a community for consideration, people can go to www.culvers.com/from-wisconsin-with-love/sweepstakes.

Cemetery association meets this weekend

The Frostville Cemetery Association will be meeting May 28 at Ruth Christensen's home, 8409 State Highway 32, Gillett. The meeting will begin at 10 a.m.

GOD BLESS AMERICA AND OUR SERVICE MEN AND WOMEN EVERYWHERE!
PAST-PRESENT-FUTURE.

Memorial Day, an American holiday observed on the last Monday of May, honors men and women who died while serving in the U.S. military. Originally known as Decoration Day, it originated in the years following the Civil War and became an official federal holiday in 1971. Many Americans observe Memorial Day by visiting cemeteries or memorials, holding family gatherings and participating in parades. Unofficially, at least, it marks the beginning of summer.

EARLY OBSERVANCES OF MEMORIAL DAY

The Civil War claimed more lives than any conflict in U.S. history, requiring the establishment of the country’s first national cemeteries. By the late 1860s Americans in various towns and cities had begun holding springtime tributes to these countless fallen soldiers, decorating their graves with flowers and reciting prayers.

It is unclear where exactly this tradition originated; numerous different communities may have independently initiated the memorial gatherings. Nevertheless, in 1966 the federal government declared Waterloo, New York, the official birthplace of Memorial Day. Waterloo—which had first celebrated the day on May 5, 1866—was chosen because it hosted an annual, community-wide event, during which businesses closed and residents decorated the graves of soldiers with flowers and flags.

DECORATION DAY

On May 5, 1862, General John A. Logan, leader of an organization for Northern Civil War veterans, called for a nationwide day of remembrance later that month. “The 30th of May, 1868, is designated for the purpose of strewing with flowers, or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village and hamlet churchyard in the land,” he proclaimed. The date of Decoration Day, as he called it, was chosen because it wasn’t the anniversary of any particular battle.

On the first Decoration Day, General James Garfield made a speech at Arlington National Cemetery, and 5,000 participants decorated the graves of the 20,000 Union and Confederate soldiers buried there. Many Northern states held similar commemorative events and reprised the tradition in subsequent years; by 1890 each one had made Decoration Day an official state holiday. Many Southern states, on the other hand, continued to honor their dead on separate days until after World War I.

EVOLUTION OF MEMORIAL DAY

Memorial Day, as Decoration Day gradually came to be known, originally honored only those lost while fighting in the Civil War. But during World War I the United States found itself embroiled in another major conflict, and the holiday evolved to commemorate American military personnel who died in all wars.

For decades, Memorial Day continued to be observed on May 30, the date Logan had selected for the first Decoration Day. But in 1968 Congress passed the Uniform Monday Holiday Act, which established Memorial Day as the last Monday in May in order to create a three-day weekend for federal employees; the change went into effect in 1971. The same law also declared Memorial Day a federal holiday.

MEMORIAL DAY TRADITIONS

Cities and towns across the United States host Memorial Day parades each year, often incorporating military personnel and members of veterans’ organizations. Some of the largest parades take place in Chicago, New York and Washington, D.C. Americans also observe Memorial Day by visiting cemeteries and memorials. On a less somber note, many people throw parties and barbecues on the holiday, perhaps because it unofficially marks the beginning of summer.
